consent of the government.

The Times correspondent at Paris says the pope, in his letter to President Grevy regarding church affairs in Franco, complains of the expulsions of religious orders, the suspension of the salaries of curates, the army bill, which militates against the supply of preests and the arbitrary changes proposed before the concordate commission, thus rendering the church unable to defend its rights against the

THE HELPLESS EMIGRANTS.

They will be Forwarded to Their Destination by the Clan-na-Gael Aid Committee.

A practical turn was given yesterday to the demands of the Irish-Americans that people driven from Ireland should not be landed in a state of complete destitution on our shores. A family of four persons-mother, daughters, and two little ones-were yesterday morning deposited in the Baltimore and Ohio depot without means of subsistence in continuing their journey. It was announced that they were at the central guard house, but inquiry there, at the adjacent police station, or at police headquarters fails to obtain a satisfactory reply. The destitute family was at length found by members of the Glan-na-Gael aid committee at the Baltimore and Potomac depot, where they had been fed by Mr. W. T.
